Originated by Lauren Ashmore – Managing Director – 01/01/2018			

DKL Mechanical Limited recognises its responsibility to minimise the impact of its operations on the environment.

DKL Mechanical Limited hereby adopts this policy to conserve resources, minimise waste and prevent pollution.

DKL Mechanical Limited is committed to:

Conduct its business operations in accordance with all relevant environmental legislation

Monitor all significant environmental impacts of the business.

Promote energy efficiency and the reduction of greenhouse gas emissions.

Reduce the generation of waste materials and pollutants

Recycle waste and send less waste to landfill

Improve manufacturing and recycling processes to maximise efficiency.

Educate employees to be environmentally responsible in their work.

Set targets to reduce environmental impacts through an action plan

Review this policy annually.
